HEALTH CHECKS AND MEDICATIONS

We need to make sure we are still getting health checks for any pre-existing medical conditions.

CORONAVIRUS (COVID-19) HAS MEANT WE NEED TO ACCESS HEALTH CARE IN DIFFERENT WAYS:

Telehealth is a way of accessing health services remotely, usually by phone or video conferencing.

Bulk billed appointments are available via Telehealth.

Your health service or pharmacy may also be able to deliver your medication, or you could ask a friend or family member to collect on your behalf.

Call your local health service for advice on the best way to access medications and care.
